## Discreet hearing aids

Small and sophisticated

The new sona:vogue digital hearing aids are small and sophisticated works of art. You can choose from these three discreet models:

**sona:vogue ric**  
is worn behind the ear with only a thin wire connecting to the speaker in the ear canal.

**sona:vogue micro**  
is also worn behind the ear; it has a transparent tube conducting sound into your ear.

**sona:vogue intro**  
is worn in the ear where it is almost invisible. Its flexible architecture guarantees your comfort.

### Simply the best hearing experience

- : Speech is amplified
- : Noise is suppressed
- : Automatic adaption to your sound environment
- : Self-adjusting
- : Remote control compatible

## State-of-the-art technology

At your fingertips

Your hearing care professional will fine-tune your sona:vogue hearing aids according to your individual hearing needs.

### Try sona:vogue now!

Choose sona:vogue and experience how easy better hearing can be. Many hearing care professionals have sona:vogue hearing aids available for immediate, no-obligation trial.

### Individually programmed

Your sona:vogue hearing aids will be programmed according to your individual needs. Only sounds that are below your personal hearing threshold are amplified.

You will experience improved understanding of speech while nobody will notice that you are even wearing hearing aids.

## Easy operation

Switch on and enjoy

Technology should adapt to your needs – this is why sona:vogue hearing aids are engineered to be easy to use: Just switch them on.

### Great pleasure

Enjoy effortless hearing from the first day on.

### Ease of use

sona:vogue hearing aids automatically adjust to your current sound environment. No manual adjustment to give away that you are wearing hearing aids!

### Affordable high-tech

Best technology at a reasonable price.
